(13) Special attention is directed to the following extracts from *Brigade Orders*, dated 7th May, 1888:—

1. An officer of each Corps or Association at practice, and the Sergt.-Instructor in Musketry, must be on the ground during the whole of such practice, the former of whom will be held responsible that the firing of his own Corps is properly carried out, and that the regulations are strictly enforced.

2. No shot must be fired until the targets are raised, the danger flags of the markers and "lookout" men have disappeared, and the officer in charge ordered the "fire."

3. Under no circumstances is a man to load until in *position for firing* on the firing point; before leaving the firing point care must be taken to throw out the last cartridge or case placed in the rifle. The practice of "snapping" must not be allowed.

4. On the appearance of the danger flag of a marker or "lookout" man on any one of the Butts, the firing must cease there at once, and not be resumed until notice is given by the withdrawal of the danger signal, etc., as above detailed, that all is clear. Simultaneous with the appearance of the Butt signal of danger, the firing point flag must be raised and the order given to "cease fire."

(14). No N.C.O., or man, shall be eligible to win Cross Gun badges, nor any prize at the Battalion Match, unless he has performed at least fifty per cent. of the regimental drills for the current year, or for that portion of the present year in which they have been members of the Regiment.

(15). In order that the shooting interests of the Regiment might be better looked after, each Company was requested to send a representative to act in the capacity as an Advisory Committee to the Rifle Committee, and consists of the following members:—A Co., Sergt. Regimental Memo

In handing over the Command to his successor, Lieut Col Allan bespeaks for him the same cordial support & loyalty so kindly bestowed by all ranks on himself during the period of his Command, believing it is only by such support that any Commanding Officer can maintain the marked degree of efficiency and success for which our gallant Corps is now so noted—

He also takes this opportunity of returning to all Ranks his cordial thanks for their unwavering loyalty and support given to him under trying circumstances, when ill health prevented him from giving his personal attention to the Drill & Discipline of the Regiment. He trusts that this loyalty will always exist in the ~~Gallant Grenadier~~ ^{Regiment} ~~Corps~~, so that it may ever continue to be, in the words of its motto "In Pace Paratus"

(8) **AMMUNITION.**—For the purpose of regulating the sale of Ammunition at the Butts, tickets will be issued at the ammunition hut from 1 till 2.30 on Saturday afternoons, and from 5 to 5.45 on Wednesday mornings, which will entitle the holder to purchase, on regular practice days, 15 rounds of ammunition (and no more) at once cent per round, such ticket to be handed in with the money to the person selling the ammunition, who has received instructions to allow no one to purchase unless he produces a ticket.

If not won finally in five years the winner for two years to become the owner of the trophy, except in case of a tie between any two winners each having claimed it for two years, or in case of there being five different winners then the tie will be shot off at a special match, firing ten shots each over the above named ranges.

(12) No person shall be allowed on the firing mound except those who are actually engaged in firing (who will, however, be permitted to have one present to coach or spot for them if desired). Any person refusing to retire, when ordered to do so by one of the members of the committee or the officer in charge of the Range, shall be debarred from further practice.

This rule will be rigidly enforced.

(14) Except as herein provided the practice will be governed by the rules and regulations of the Dominion Rifle Association.

(15) The Committee has entered two teams for the Canadian Military Rifle League Competition, and it is desirable that the attendance at the first practice shall be as large as possible in order to facilitate the selection of teams. The first match takes place on Saturday, May 28th.

(17) Special attention is directed to the following extracts from *Brigade Orders*, dated 7th May, 1888:—

1. An Officer of each Corps or Association at practice, and the Sergeant-Instructor in Musketry must be on the ground during the whole of each practice, the former of whom will be held responsible that the firing of his own Corps is properly carried out, and that the regulations are strictly enforced.

2. No shot must be fired until the targets are raised, the danger flags of the markers and "lookout" men have disappeared, and the officer in charge ordered the fire.

3. Under no circumstances is a man to load until in position for firing on the firing point; before leaving the firing point care must be taken to throw out the last cartridge or case placed in the rifle. The practice of "snapping" must not be allowed.

4. On the appearance of the danger flag of a marker or "lookout" man on any one of the Butts, the firing must cease there at once, and not be resumed until notice is given by the withdrawal of the danger signal, etc., as above detailed, that all is clear. Simultaneous with the appearance of the Butt signal of danger, the firing point flag must be raised and the order given to "cease fire."

Captain Pellatt having donated a trophy to the Regiment, value \$200, it will be competed for under the following conditions:—

Open to all active members of the Queen's Own Rifles of Canada, who have performed at least fifty per cent. of the Regimental Drills for the season in which competition is entered for, or for the time they are regularly enrolled members of the Battalion.

Prize to be awarded to the officer, non-commissioned officer or man making the 10 highest scores during the season's shooting at the regular Battalion practices on Saturday afternoon with long or short Snider rifles, or any rifle authorized by the Government and actually in use by the Queen's Own Rifles of Canada as the regular arm in the place of the Snider Enfield.

Ranges 200, 400, 500 yards.

To be shot over Battalion Ranges, except that any member shooting in the Toronto Rifle Association may have his scores at 200 and 500 yards allowed, if certified to by an officer of the Battalion, and the Rifle Committee is satisfied that no previous scores at said ranges were made by any such member on the day such scores are claimed.

To be won three times before becoming the absolute property of the winner. If not won finally in five years the winner for two years to become the owner of the trophy, except in case of a tie between any two winners each having claimed it for two years, or in case of there being five different winners then the tie will be shot off at a special match, firing ten shots each over the above-named ranges.

A silver medal to be given to each yearly winner to be retained permanently by him. This not to apply to winner in special match referred to.

Each yearly winner to hold Trophy for year following, except in the case of the fifth year when same shall go to the permanent winner and be his absolute property.

Scores in Battalion matches not to count.

The decision of the Rifle Committee to be final in case of any dispute.

Dominion Rifle Association rules to govern where not above provided for.

Should circumstances arise requiring any change in the above conditions the donor reserves the right to make same.
