COMMAND TEAM UPDATE

November brings shorter days, colder nights and the first traces of snow. It also heralds the busiest month in the Regimental calendar.

The unit spent weeks preparing for the culminating activity of the fall training series, Exercise MAROON SWORD 3. What transpired was, without hyperbole, a capstone example of the capacity of the Army Reserve. The objective for the final weekend of the month was a Company-level deliberate attack against an urban objective in Petawawa. Over 180 personnel from 32 Canadian Brigade Group were involved, including approximately 100 Riflemen. Accompanied by members from

the 48th Highlanders, Royal Regiment of Canada, 32 Combat Engineer Regiment and 25 Field Ambulance, the QOR executed a highly-complex endeavour.

1 (Para) Platoon conducted a full-equipment airborne insertion into DZ Anzio, while the remainder of 60th Company and Recce Platoon inserted into the area via a pair of CH-147 Chinooks from 450 Tactical Helicopter Squadron. The plummeting temperatures couldn't dampen spirits leading into the final assault against the surrounding obstacle belt and fortified buildings. The exercise also saw the first tactical deployment of the unit's Uncrewed Aerial System, colloquially referred to as a 'drone.'

This year's Remembrance Parade was one of the largest in recent memory, as the Regiment took to the streets of Toronto in commemoration of our Fallen. The unit renewed the historic partnership with St. Paul's on Bloor, with many junior members getting their first opportunity to observe the Book Party within the halls of the church, which had been interrupted over the past several years due to pandemic concerns. The Band, Skirmishers and Pioneers represented themselves professionally at several key public events, including the formation's Remembrance service at City Hall and the 37th veteran's memorial at Runnymede Healthcare Centre.

As the holiday season approaches, it is crucial to recognize the importance of family and the homecoming of our deployed soldiers. Capt Filatow, WO Currie and Sgt Baruwa safely returned from Operation IMPACT, while Cpl Overholt will be back in Canada from Operation REASSURANCE by the end of the month.

The unit will celebrate together and acknowledge the incredible contributions of our soldiers on 6 December, to close-out the 2023 training year.

EXERCISE MAROON SWORD 3

Over the weekend of November 24-26, 2023, The Queen's Own Rifles of Canada conducted Exercise MAROON SWORD 3. Over 180 personnel from 32 Brigade were involved, including approximately 100 members of the QOR of C.

Accompanied by members from The 48th Highlanders, The Royal Regiment of Canada, 32 Combat Engineer Regiment and 25 Field Ambulance, 60th Company led a deliberate attack against an urban objective in Petawawa, with 1 Pl conducting a full-equipment airborne insertion into DZ Anzio, while the remainder of 60th Company and Recce Platoon inserted into the area via a pair of CH-147 Chinooks from 450 Tactical Helicopter Squadron.

111TH ANNUAL MAPLE LEAF RIFLE CLUB SHOOT AND LUNCHEON

Since 1912, members and guests of The Queen's Own Rifles of Canada, Maple Leaf Rifle Club meet for an annual competitive shoot and luncheon. This year the 28-member club and invited guests met early Sunday morning October 29th at CFB Borden's Langemark Range. Under the supervision of RSO Rob Grieve, his team set up Bay #4 for a Lee Enfield MK IV shoot. Weapons were prepped, ammunition set out at the firing points, relays assigned, and the red flag was raised!

Miraculously, the first round down range commenced at 09:30. From the 50 yard point all relays shot a 5-round grouping, and a 10-round application for grouping. The tightest grouping of the 10 rounds over all was declared the winner. Simultaneously, the preparation of our luncheon meal began in the parking lot of 3CRPG. Under the direction of the assigned "High Cock a Lorum" Phil ten Kortenaar a delicious meal of beef stew was prepared and was rather tasty much to the shock of the membership.

As a special treat Rob Grieve brought WO1 Harry Fox's personal Lee Enfield Mark I, which he used for many years as a member of the MLRC. On a separate relay all RSM's past and present were given an opportunity to fire this nostalgic weapon! It was great to see this happen.

After the Range was cleaned up and Weapons pulled through the group sat together in the range hut and dined on the prepared meal made by its membership. Of course, top shots were recognized accompanied by the usual banter from the group.

All in the day was a great success and hope is to reconvene next year for "Good Fellowship, Great Comradery and Good Groupings"

QOR OF C HOCKEY TEAM

Each year, The Queen's Own Rifles of Canada Hockey Team plays in a variety of games against teams from other regiments, ranging from exhibition games to tournaments. There are two major tournaments that the team participates in: The Ranger Cup in Toronto and the Sergeant Rick Foldeak Memorial Hockey Tournament in Brockville. There is a push to play more hockey in the Regiment as we grow in strength, and the QOR Hockey Team is an excellent way to build camaraderie, teamwork, and physical fitness.

The QOR Hockey Team is also seeking sponsors and donors to cover the cost of jerseys, ice time, and equipment. If you would like to support the Hockey Team, please contact us at info@1860club.ca.

QOR Regular Force Service Survey

The QOR Museum does not hold service records for those that served in the Cold War era, Regular Force Battalions and Depot; but does hold many other records and photographs from that period. We would like to collect as much information about those that served which we'll include in our Collections Management Database.

This database includes all the objects, photographs and archival records in our museum and allows us to "tag" these items to specific people. For example, if we have a group photograph with the names listed below, we tag the record with the names of those people. The People section of our database then allows you to look up a person to see all the items connected to them, and other basic information we might have on them - such as when and where they served. There are currently over 4,700 records in our [People section](#). You can check out this page to see how this works.

NOTE: If we already have a [Rifleman profile](#) on our website for you here, it is not necessary to complete this form unless you have additional information to add or correct.

This information will be publicly accessible with few exceptions. The information you provide is optional, that said, we'd very much appreciate if you could provide us with as much info as you are comfortable with.

By completing this survey, you give permission to The Queen's Own Rifles of Canada Regimental Museum and Archive to record and make available your responses in our Collection Management System including the Public Access module.

If you have any questions regarding this request, you can email me at museum@qormuseum.org

Thank you in advance for helping us with this project!
