Chilworth 842385	1 May 4	0630 0900	Reveille - Quite warm and bright. B.H.Q. being the only ones in camp there is not much doing. B.H.Q. prepares to leave and moves to camp C/21 M.R. 132/8534. All other coys have spent a day or two in various transit camps and most of the serials are now loaded. Arrangements for reception and entertainment of the troops in the various camps is excellent. The food is exceptionally good and the men are amazed at the near perfect organization. Shows are being run several times a day and there is plenty of sports equipment for all those who want to make use of it.	RCK.
Camp C/22 850348	2 May 4	0500 0700 1200	Reveille - early because of move to docks. B.H.Q. party marches off to the Royal Docks and load on LCH 239. The accomodation on board an LCH is not at all good. However the rifle coys are very well accomodated on their L.S.I. The meals for the most part are very good although some serials had to be fed on compo rations due to lack of cooking facilities. Word is received by all serials that the landing has been postponed for 24 hrs. All the men are quite happy about this for the time spent on board is just like a holiday. As sleeping accomodation on board the L.C.H. is very poor. B.H.Q. is spread around several neighbouring craft for the night.	RCK
L.C.H.239 8630	3 May 4	0800 1000 2359	Reveille - another beautiful and warm sunny day. After the various craft have been cleaned up the day is spent in further briefing and P.T. The men have taken advantage of these few days to collect quite a sun tan. The scheme being definitely on for tomorrow all the various craft weigh anchor, form up and proceed toward Bracklesham Bay M.R. 132/2314.	RCK
L.C.H.239 Bracklesham Bay 2314	4 May 4	0400 0630 0705 0730	Reveille - a little cooler and rather dull which doesn't help the outlook for the next few days. Rifle coys and attached personnel are loaded into L.C.A.s and set out for the beach. The hundreds of mats used in this excercise, present quite a sight for they stretch as far as the eye can see. Fortunately the water is quite calm and no one is sick. Word is received that the assault coys have touchdown and a few minutes later alternate B.H.Q. receives the order to land. C & D Coys and alternative B.H.Q. land. Due to the shallowness of the beach, almost everyone got wet to the hips. However due to the rapid movement inland, most of the	RCK

			Summary of Events and Information	Remarks, references to Appendices and initials
Place	Date	Hour		
Crossroads 279241	5 May 44		LADS ARE DRIED OUT IN A VERY SHORT time.	
		1200	All coys push inland very rapidly and take all objectives arriving at the Bde objective "Shrubbery" M.R. 133/279241. Alternate BHQ remained on the beach for quite some time to get away from the chance of all B.H.Q. being wiped out at once.	RCH
		2100	Stand-to for all coys who by this time are well dug in. It is announced that the 17th Duke of Yorks Hussars will be acting as enemy although nothing is seen of them.	
		0500	Stand-to from 0500 to 0700 hrs. The lads find it quite cold as they are not accustomed to sleeping with two blankets. However this is helped by most of the men brewing themselves a hot cup of tea.	
		0720	Word is received from Bde to move east to our final position "Spinster" M.R. 133/3422. Q.O.R. of C. to take up position area Colworth M.R. 349224.	
		0730 0930	Bn gets under way with the mortars, carriers and A/Tk guns going ahead to secure posn. Bn arrives Colchester and are immediately deployed. B.H.Q. setting up in house at 349224. Coys immediately set about digging in. This is rather difficult as we are not allowed on cultivated fields. However as word has been received that Generals Crocker, Demsey and Montgomery will be around, as good a job as possible is done. Unfortunately they did not arrive although the Bn stood to most of the afternoon waiting for them.	RCH
Colworth 49224	6 May 44	1800	Comp rations are drawn from the Beach Maintenance Area and everyone gets busy preparing a decent meal.	
		2200	Word that "cease fire" has sounded reaches the regiment so everyone settles down for a good nights sleep.	
		0800	Reveille - quite cool and damp.	RCH
		0900	Practical a free idle day for themen, spent in cleaning up with some P.T.	
Colworth 9224	7 May 44	1700	Orders for dispersal received from Bde.	
		0500	Reveille - fine and sunny.	
		0830	Tps march to main road at 338227 where sixty T.C.V.s are waiting to move the Bde back to Chilworth area.	RCH
		0845	T.C.V.s move off but being under command of Movement Control have to return by a very roundabout route.	
		1230	Arrive back at Chilworth and coys take over old coys areas.

		1800	Two shows are shown every night here, put on by the static camp personnel.	
		0630	Reveille - bright and warm.	
		0830	Coy parades, the day is mostly spent in bath and pay parades. The 36 hr passes will not start again but all men will be able to get away for 24 hrs. This isn't much but is considered as definitely better than nothing.	
Chilworth 842385	9 May 44	0900	All trng vehicles are turned in and the brand new waterproofed assault vehicles are brought down. Needless to say this causes quite a bit of comment from the tps. Add to this the fact that one suit of serge has to be turned in and the lads really begin to think they are going someplace.	RCK
		0630	Reveille - still warm and bright	RCK
Chilworth 842385	10 May 44	0900	Coys spend most of the time in P.T., Route marches, lectures. It is not possible now to spend any time on the ranges as there is no transport available - all pperational vehicles being grounded.

Place	Date	Hour	Summary of Events and Information	Remarks, references to Appendices and initials
Chilworth 842385	20 May 44	0630 0900 1330	Reveille - much warmer and sunny All coys turn in blankets and best battledress Serge to be brought in on D + 17. The blankets are turned over to camp stores and are reissued from them. This puts the total administration of the camp under camp control and not under Q.O.R. of C. Afternoon free for some coys while others have sports parade.	CR
Chilworth 842385	21 May 44	00700 0830 1300 1400 1500	Reveille - quite cool and dull Voluntary church parade and a free day for all men not on essential duties. All L.O.B. trucks and personnel are leaving today and the morning is spent by many in the last minute loading. L.O.B. convoy leaves for Chobham Camp. Show in camp cinema - Bob Hope in "They Got me Covered" the camp cinema is quite an attraction these few days with two showings each and every day. C Coy receive word to supply a Security Guard of thirty-four men for tomorrow. This will be to guard the briefing conferences being held in the N.Shore R. lines.	RCK
Chilworth 842385	22 May 44	0630 0830 1800	Reveille - cooler but with some sunshine. Normal coys parades and coys carry on with some packing and training by route marches. The senior offrs are kept busy with the orders for the coming show. Coys spent some time in painting brass or web while "A" Coy goes whole hog and painting web and all, an experiment that is liable to spread to the rest of the Bn, for it looks quite good and certainly helps for camouflage purposes. Normal shows carry on in the N.A.A.F.I.	RCK
Chilworth 842385	23 May 44	0630 0830 1915	Reveille - still a little cool but bright. Coys carry on with preparations for the coming action. All companys start to paint web having adopted A Coys example. All coys are issued with complete new sets of clothing, consisting of two anti-vermin shirts, two pair of shorts and two pair of socks. Needless to say this causes an acute packing shortage so far as the men are concerned. However as they can turn in whatever of the old stuff they want to, that rather helps. Chilworth 842385	24 May 44	0630 0830 1400	Reveille - quite bright and warm. Normal coy trg as per syllabus. Selected personnel leave for Div HQ for demonstration of ground-air coide which apparently will be used quite extensively in the coming show. Security is the high note around the camp these days. Senior offrs have now been briefed but there is not a breath of a rumour around the camp. It is expected the camp will be sealed at any time now.	RCK
Chilworth 842385	25 May 44	0630 0830 1330 1700 1800	Reville - still bright but a little cooler. Normal coy parades with emphasis on loading of vehs. It is expected the camp will be sealed tonight and of course after that time, trucks will not be allowed in and out of camp. Coys parade in turn for Muster parade which is taken by a N Shore R Officer. On this parade the men are warned that they are now liable for Special service and txx can be tried for desertion for any absence for any length of time. It is announced that briefing of all Sgts, W.O.s and Offrs will take place tomorrow starting at 0745 hr. It certainly begins to look as though things are about to happen. Some of the Offrs and NCOs formerly with the unit, drop in for a visit - principally Capt F L J Martin, Lt K MacLeod and CSM More. These are all part of our first and second line reinforcements which are now just a few miles up the road.	RCK
Chilworth 842385	26 May 44	0630 0720 1000 1300 1900	Reveille - warm and bright All Sgts, W.O.s and Officers parade and proceed to the briefing hut in the North Shore lines, where the general story and situation is given to the men by Lt.-col J G Spragge, Lt, D M Philp told the story from a signals standpoint and Capt W J Weir spoke on administrative matters. Sgts and Offrs break up into coy groups and are briefed further by the Coy Comdrs Capt Weir holds a briefing conference on administration for all those interested. From now until the night of Monday 29 May 44, the briefing hut will be in use for twenty-four hours a day in the briefing of the men. The C.O. starts off with a further briefing of HQ & BHQ Sgts and Officers.	RCK

"B" - O'R'S

2. ROAD ACCIDENT REPORT

All road accident reports will be submitted to the Transport Officer within 48 hrs of an accident. It is the driver's (and/or officer i/c vehicle) responsibility to ensure that the R.A.R. is completed and submitted to the T.O.

3. HONOURS AND AWARDS

The KING has been graciously pleased to approve the following award in recognition of gallant and distinguished services in Italy:- to the u/m soldier formerly of the QOR of C.

THE MILITARY MEDAL

B64205 L/Cpl James Bruce Smith

4. SUSPENSION OF E.F.M. TELEGRAMS

It has been found necessary to suspend temporarily and until further notice the E.F.M. Telegram service from U.K. to all destinations abroad, to take effect immediately. The service will be resumed at the earliest opportunity.

The CSN service will continue for the present.

5. CENSORSHIP

The following procedure will be adopted in the case of parcels which are too heavy to be sent by post and therefore must be sent by rail.

1. The parcels will be censored, franked and stamped in the normal way, and the contents will be listed on the outside.

2. They will then be taken to the nearest railway station by an OFFICER, who will ensure that the station authorities do NOT stamp the name of the station anywhere on the parcel.

6. WILLS

Personnel who wish to make a will, or alter one already made, will parade to the Paymaster at 1530 hrs on 16th and 17th May 44.

7. ROUTINE

Commencing 16 May 44 SICK PARADE will be at 0730 hrs in MIR Camp H.Q.

6 STOPPAGE OF LEAVE (CONT'D)

Finally the unprecedented step has been taken of banning
 mov to and from this country of members of the Diplomatic Corps.
 (iv) These steps have all been taken as means to the end - Victory.
 Soldiers must, therefore, be prepared to accept leave restrictions
 in the interests of the success of the ops, and the pts now made
 should be fully explained to them.

An ENSA "D" Concert is being held in the Camp on Friday 12 May in the Sports Field, commencing 2000 hrs.

4. DAMAGE TO SHOWERS

A complaint has been made that the fittings in the shower rooms are being tampered with and removed. These have been replaced and repaired at considerable expense. In future closer supervision of shower parades will be maintained by Officers and NCOs.

5. STOPPAGES OF LEAVE

- (i) The reasons for stoppage of leave must be generally well understood by all units in 1 Corps, but it is now possible to explain these reasons in detail for the benefit of all ranks.
- (ii) It must be obvious that the coming invasion of the Continent has necessitated the stoppage of leave. Vast preparations have been, and are being, made for this assault and these require the maximum use of rail and rd comms, together with all available man power.
- (iii) In addition to the restrictions placed upon the soldier and these apply to all Services in the country, various bans have been placed upon mov of the population as a whole, e.g. civilians are not allowed to enter restricted areas, and their travel facilities generally have been greatly curtailed.

13. PASSES

Boundaries for passes of any nature other than special compassionate leave are as follows: Emsworth - Petersfield - Alton - Whitchurch - Andover - Salisbury - Bournemouth.

14. SECURITY & DISCIPLINE

The unit camp has now been "wired in" and it is brought to the attention of all ranks that any personnel attempting to leave camp by any other route than the camp entrance will be charged with a very serious offence.

The wire is NOT guarded at present, but if necessary, guards will be called in and placed at intervals with orders to challenge and fire.

The theory presented to all ranks is that any person attempting to leave the camp by any means other than the authorized exit is doing so for subversive reasons.

(W J WEIR)
ADJUTANT 1 Bn The G O R of G (AF) CAPT

7. ROUTINE

Sick Parade will be at 0930 hrs daily at M.I.R. Camp HQ. Minor cuts etc may still be treated at R.A.P.

Meal parades remain as before the exercise.
CQs will remain at meal parades until Coy has entirely passed through.

8. SHOWERS

9. STOPPAGE OF LEAVE

All ranks will be informed that the coming invasion of the continent has necessitated stoppage of leave and the imposition of various restrictions. Bans have been imposed on civilians with regard to travel and to entry into restricted areas. Members of the diplomatic corps are restricted regarding movements to and from this country. All ranks, therefore, in their turn must be prepared to accept restrictions in the interests of the success of the coming operation. It must also be borne in mind that the abnormal preparations for this operation require all available manpower from now onwards.

(Extract from Div Order No. 185 d/1 May 44)

10. BUTSER HILL FIELD FIRING RANGE
(Auth: 3 C.I.D. 3 CD 4-6-3 d/3 May 44)

The attention of all coys using this area is drawn to the following points:-

- (a) No firing is permitted East of the Electric cables which cross the Eastern bdy of the area.
- (b) There is a RAF operational site at the top of BUTSER HILL. Incidents have recently been reported of shots being fired in the direction of this site striking buildings housing delicate apparatus and are endangering RAF personnel manning the site. OIC Firing Party MUST ensure that no repetition of these incidents occur.

5. SECURITY

GOC regrets for security reasons individuals must NOT mention
visit of His Majesty. The fact HM visit is recorded in news-
papers 26 April does NOT repeat NOT reveal identity of div and
it is for this reason GOC reluctantly will NOT permit his men
to mention the visit in private correspondence.

DRINKING WATER

All ranks are advised that drinking water should be drawn
from the LISTER BAGS at the kitchen and NOT from ablution taps.

(ii) Tps will only use the hold, and, in the case of the LCT Mk IV, the army mess deck at the after end of the hold. They will not be allowed to move unrestricted about the craft.

(iii) The Naval Offr's Cabin is his home and must NOT be considered as a shelter from the weather for all Offrs.

(iv) Before tanks or vehs are started up in holds of LCT III hold covers will be furled completely to allow the toxic exhaust gases to escape.

5. DISEMBARKATION

(a) General

(i) Ensure that disembarkation is made in the tactical order required.

(ii) Ensure that all tps have full water bottles prior to disembarkation.

(iii) Whenever possible vehs should be started up about 3 hr before beaching, and after warming, engines will be switched off and NOT restarted until a few mins before beaching.

(b) LSI

(i) Ensure that a responsible Offr remains on board until the last serial leaves. Ships' adjutants have been instructed to perform this duty unless a tactical situation arises necessitating other arrangements by the Offr i/c ship.

(c) LST

(i) If Offr i/c serial has to go inland on one of the early vehs to be unloaded, he must appoint a substitute to control disembarkation. This Offr will leave the craft with the last veh.

(ii) Offr i/c serial will be responsible for clearing trailers 10 cwt of the Div RCASC pool from the main deck onto the Rhino Ferry. Beach Gps are responsible for clearance from Rhino Ferry to destination.

(d) LCT

(i) The balance of stores embarked for Army personnel will be handed over to the Craft Comd.

(ii) Latrine buckets will be emptied before beaching as instructed by the Craft Comd. This will also apply to small coasters and ships where such special sanitary arrangements have been made.

(iii) The Offr i/c Serial must know the wading depth of all vehs and will inform the Naval Offr in comd of the craft.

(iv) It is the responsibility of the Naval Comd of the craft to sound at the end of the ramp and to inform Offr i/c serial if the water is sufficiently shallow for him to disembark his vehs.

(v) Offr i/c Serial is responsible that the vehs are NOT disembarked at a depth greater than that for which they are waterproofed. He is authorized to refuse to disembark vehs until he is satisfied by soundings that the depth of water at the ramp is correct. He will then give the order to drive off immediately unless he receives orders from the Beach Master or the Beach Coy Comd to the contrary.

6. ON LANDING

Special responsibilities as Offrs i/c Serial cease on completion of disembarkation and tps revert to their tactical or adm Comds.

(d) LCT

- (i) The Naval Comd Offr of the craft, irrespective of his rank, is in absolute comd of all personnel, incl mil personnel, in his craft. He is responsible for the safety of his craft and may take it off a beach or refuse to beach it against the wish of a unit, if he considers it necessary. During Ops of course, he will keep foremost in his mind the paramount necessity of landing his load of mil personnel, vehs and stores at the right place at the correct time.
- (ii) The officer i/c serial will contact the craft comd as early as possible, and will keep in close touch with him throughout the time the tps are on board. The best place at which the OC Tps can keep this is on the bridge. It will however be understood that the br is for the naval control of the craft- it is NOT a watch-tower for the use of the Army and permission will be obtained before any mil personnel use it. This permission will in fact seldom be refused. The Comd Offr of the craft will always be saluted when army personnel have occasion to go on the br.
- (iii) The crew of an LCT is small in relation to the tasks it has to perform and assistance should always be given by the army in winding up doors, etc.
- (iv) Offr i/c Serial is responsible for the loadings of the craft and vehs will be stowed to his requirements. It must be borne in mind however that the naval offr in comd of the craft has at all times the overruling authority as to how the vehs are stowed compatible with the trim, safety and seaworthiness of the craft.

4. ON BOARD

(a) General

- (i) Ensure that Army personnel are instructed in and abide by Naval regulations on board. It is essential that Units observe strict discipline. Unless they have some knowledge of naval procedure and customs, misunderstandings between naval and mil personnel are liable to occur which may upset the best loading and unloading drills.
- (ii) Detail fire parties as required by the Comd of the ship or craft and ensure that they are instructed in the Naval fire fighting regulations.
- (iii) Arrange Army AA protection in agreement with the senior Naval Offr.
- (iv) Be responsible for the safeguarding of all stores and vehs embarked for use of the Army.

(b) ISI

- (1) Liaise with SNOT (Senior Naval Officer Transport).
- (ii) Prepare ships Ldg Tables in conjunction with SNOT on the basis of the Bde Gp Ldg table.

(c) IST

- (1) Instruct an NCO regarding order of discharge of vehs on Main Deck so that he will be able to direct them in correct order on to the lift.

(d) LCT

- (i) Particular attention will be paid to Naval regulations regarding fires for heating food, etc, lighting of Tommy Cookers, smoking, use of lights and torches.

TOP SECRET
OVERLOOK

DUTIES OF OFFICER I/C SHIP OR CRAFT SERIALS DURING THE ASSAULT

1. GENERAL

- (a) An Offr will be detailed to act as Offr i/c Serial in every ship and ldg craft. The unit responsible for providing this Offr is shown in the ldg table and on the Unit Sheet.
- (b) Special responsibilities of Offr i/c Ship or Craft Serial begin in the Marshalling Sub Area and end on ldg. Standing Orders will be issued by Movement Control in the Marshalling Area and include the following:-

2. PRIOR TO EMBARKATION

- (a) Craft or ship serials will be complete on arrival in Marshalling Sub Area.
- (b) Once Offr i/c Serial takes over his serial he is responsible that it remains complete. No personnel or vehs will be allowed to move without authority from Movement Control.
- (c) Offr i/c Serial is responsible for the mov, adm, discipline and welfare of the serial.
- (d) Collect copies in duplicate of AFM 5169 or AFM 3060 from senior Offr or NCO i/c each det on arrival in Marshalling Sub Area, and ensure that they are correct.
- (e) Hand all copies of forms to ESO on arrival in Embarkation Area. Offr i/c Serial is responsible that the forms are correct. An individual check will NOT be made by Home Movs during embarkation.

3. DURING LANDING

(a) General

- (i) Liaise with ESO for all arrangements, ESO is responsible for bringing fwd vehs on to the hard or berth from the ship or craft serial in the order required by Offr i/c Serial, and is the channel for comm with Hardmaster or Sea Tpt Offr.
- (ii) Detail such loading parties as may be required by the ESO from tps embarking.
- (iii) Ensure that all vehs are in good running order.
- (iv) Ensure that embarkation and stowage is in accordance with tactical requirements so that vehs will be discharged on to the beach in the order required, bearing in mind the wading depths of the vehs. The tactical stowage of LCT and LST of 3 Cdn Inf Div is very difficult and arrangements have been made for the PMLO and staff to assist OC craft.

(b) LSI

Permanent Ships' Adjutants are being provided on board LSI; They will assist in allocation of berths and feeding arrangements and will as far as possible berth tps by LCA serials to assist in disembarkation.

(c) LST

- (i) Pre-Storage plan will be given OCCraft prior to loading.
- (ii) Twelve trailers, 10 cwt, without prime movers will be loaded on the main deck of each LST. They are a Div RCASC pool loaded with stores and will be stowed in spaces which cannot be occupied by vehs. They will be brought direct to the wards by prime movers, which will be available to tow them on board. The trailers should be the first vehs on the ship. See Also para 5 (c) (ii)

AMENDMENT TO QOR OF C REGTL STANDING ORDERS
Sub-Para - Dress Regs

1) BERETS, Khaki, GS Canadian Pattern
OTHER RANKS

Berets will be worn with the leather band parallel with the eye-brows and the slack pulled down over the right ear. Under no circumstances will they be worn pulled down on the back of the head.

2) BADGES CAP

These will be worn immediately above the left eye. The badge will be backed by a 2 $\frac{1}{2}$ " X 2 $\frac{1}{2}$ " square of rifle green flannel. This square will be sewn to the beret, the lower edge flush with the top of the leather band. Wearing a beret without the badge will be considered a breach of dress regs. Badges may be worn without backing until such time as backing is issued.

3) WALKING OUT DRESS

Walking Out dress will either be FS Green or Berets until further notice. FS Khaki will NOT be worn under any circumstances.

OFFICERS

Berets will be worn the same as for Other Ranks.

BADGES CAP

The cap badge will be the collar badge. The badge will be backed by a rifle green backing conforming to the shape of the Maple Leaf and 1/8" larger, this complete, will be worn over a red flannel backing and conforming to the shape of the Maple Leaf and 1/8" larger than the rifle green backing but sewn on to the beret. Wearing the berets without the badge will be considered a breach of Dress Regs.

WALKING OUT DRESS

F.S. GREEN ONLY. FS Khaki will on NO account be worn.
